

NEW SERIES DMD 400-1000 30 kW - 75 kW

MORE Reliability
Efficiency

**EASY OPERATION & FULL CONTROL WITH
JUST A FEW CLICKS**

ES 4000 STANDARD controller for fixed speed units:

- Intelligent unload cycles
- Constant pressure follow-up
- Automatic restart after power failure

ES4000 ADVANCED (graphic) controller for variable speed units:

- All standard controller features
- Wide choice of timers
- An integrated central controller

SILENT AND COMFORTABLE OPERATION

Thick noise-attenuating foam is applied inside all panels, corners and roof.

Together with a new silent axial fan this ensures ultra-silent and comfortable operation.

Ekomak Company was founded in 1992 in Istanbul. Customer expectations have always driven product development, resulting in a portfolio which fulfils your compressed air needs and offers you the value you are looking for.

Additionally, thanks to our global service network and 24/7 availability, we make sure to be at your service at all times.

Our product design is innovative and user-friendly, offering features such as small footprint and low noise level to respond to customers' expectations in terms of space-saving and silent workplace for continuous and heavy working conditions.
